- Shift manager
- Shop manager

ZELINKA D.O.O.: January 2003 – December 2003
- IBM equipment technician
- On-site service of IBM servers
- On-site servece IBM workstations

I have lots more experience on different fields, not mentioned here, because they are not related to IT. But all those experience combined thought me how to be a good (co)worker, manager and an honest human being.

EDUCATION AND KNOW-HOW:
- Official education: Land surveyor (unrelated to my work career)
- Setting up and managing linux and Windows servers
- Setting up different network topologies
- Programming in Python and .NET (Visual studio)
- I learn everything that I need in a very short time
- Certificat MTCNA
- Certificat Network+
- I'm good with languages. Learned Italian in high school, but I need to brush it up

LANGUAGES:
- **Slovene** (mother language); **English** (fluent); **Croatian** (fluent)

EXPERIENCE THAT MADE ME CONFIDENT IN MYSELF IN IT FIELD:
- Exchange server »meltdown« that was saved without using backups
- Destruction of whole IT infrastructure - solved
- 12 sucesfully deffered DNS DDOS,… attacks on a company I worked for at the time
- …

PERSONAL CHARACTERISTICS:
- I can work in team or alone. They say I am a conscientious, trustworthy, loyal, intelligent person with good communication skills and with a sense of humor. The easies way for you to find if this is true or not is, to invite me to a job interview.

WISHES AND GOALS:
- I'm looking for a stable company with a lot of space to grow.
- Always willing to learn new things

I set my residence in a close area of my job.
